

OUR PHILOSOPHY

At Authentix we believe that when you look good you feel good and when you feel good you look good! Which is why we have combined the two. We offer expert waxing and lash/brow treatments to keep you looking good, and infrared sauna, colonics and various health related products to keep you feeling great.

OUR SERVICES

We offer a range of beauty services including full body waxing (specialising in men's and women's Brazilians), intimate area skin lightening/brightening, lash and eyebrow tinting, henna brows, lash lifting, brow lamination, eyelash extensions, infrared sauna, and Canberra's first closed system colon hydrotherapy. Gift vouchers are also available.

Authentix is excited to share that we have brought the American skin lightening system 'Bryght' to Canberra. After months of research we chose Bryght because it is a targeted, anti-oxidant-rich skincare system that effectively addresses uneven skin tone, unwanted discoloration and reduces the appearance of dark spots over time to truly brighten your complexion. Our fully trained therapists are keen to assist any client who isn't happy with the skin colouring of their most private areas.

PRODUCTS WE USE AND SELL

INFRARED SAUNA

Unlike a traditional sauna, infrared saunas don't heat the air around you. Instead, they use infrared lamps to warm your body directly from the core. Far infrared waves penetrate into your body to activate the sweat glands. The sweat glands offer one of only a few mechanisms that the body has to eliminate toxins and since the skin is the largest organ in the human body it is one of the best means for elimination of toxins.

An infrared sauna session promotes:

- Better sleep
- Relaxation
- Detoxification
- Improving the lymphatic systems toxin elimination pathways
- Weight loss
- Relief from sore muscles
- Relief from joint pain such as arthritis
- Clear and tighter skin
- Treatment of LYME disease

COLON HYDROTHERAPY

Colon hydrotherapy is the introduction of warm filtered water into the colon, effectively removing waste material. This results in a healthy digestive environment, encouraging the growth of healthy bacteria.

Generally our digestive systems are overworked and sluggish due to overeating, medications, fast foods, processed and GM foods, toxins, alcohol consumption and, stress. This contributes to poor digestion which can result in excessive gas, bloating, constipation or diarrhoea.

Colon hydrotherapy cleanses your colon, detoxes the body and reduces digestive discomfort, it also helps minimize the chances of bowel cancer forming.

It can assist in a range of issues including constipation, bloating, flatulence, depression/anxiety, poor skin health, infertility, weight management, low immune systems, disturbed sleep, IBS/Crohns and concentration problems.
